

Active 20-30 USA and Active 20-30 International
“Global Youth Service Day”

Global Youth Service Day provides an excellent backdrop to recognize Active 20-30 USA and Active 20-30 International for their 85 years of volunteer service benefiting kids across the globe.

Arnold Schwarzenegger
Governor

Maria Shriver
Honorary Chair

Karen Baker
Executive Director

Since its inception in 1922 in California, Active 20-30 has raised and donated over \$400 million and 9 million hours of service benefitting over 1.5 million children worldwide.

Given their tremendous and lasting contributions, it is fitting that President Bush bestowed the national “President’s Volunteer Service Award” to Active 20-30 and has named Active 20-30 as today’s national, “Daily Point of Light.”

I want to take this opportunity to express my sincere gratitude to Active 20-30 volunteers for their generous contributions to our great state and for donating the equipment and volunteering to finish the playground today.

These acts are just an example of the many thousands of volunteer projects and programs that have benefited from the generosity of Active 20-30 over the last 85 years. Congratulations and thank you to Active 20-30 and their volunteers for 85 years of great service to our state, nation and world.

With warm regards,
